15 Rooms with Brass Accents

Brass is back. Just see how the versatile and alluring alloy shines in these spaces!

“The sectional was upholstered in a taupe mohair with a brass base because it reminded me of Studio 54,” says Sasha Bikoff, who [designed this Upper East Side living room](#). “To go along with that theme, I loved all of the brass pieces, which also tied into the gold leafed ceiling I designed.” The sofa is by [Milo Baughman](#), the ice cream print is by [Donald Baechler](#) and Bikoff designed the coffee table.
